To Whom It May Concern:

I am writing to protest against SCE& G request for an increase. Please do not allow this to happen. It needs to be noted that most employees in South Carolina if they are lucky to even have a job will probably not receive an increase to their salaries. As a SC State Employee, I want to say that we have not received a raise in about 2 years, I have experience an increase of expenses especially my utilities but my income remains the same. As the cost of Living increases in South Carolina the salaries are basically the same.

Don't let SCE & G get away with this GREED of increasing our utilities just because they think they can. Please do the right thing and deny their request.

Thank you,
